## ECO Church

Wash clothes at a lower temperature!

Why not use a 30 degree wash?  
A lower temperature wash is less likely to shake out plastic fibres too.

*Well over 1000 bras have been collected  
at St Thomas'.....so far....*

*The Bra Bank will be in the porch for the  
foreseeable future, keep donating!*

# **CAR PARK CLOSED**

**Monday- Friday**  
**7.30 am - 4.30 pm**

The number of tradesmen working at St T's has increased and there will be increased builders' traffic in and out of the car park over the coming weeks.

As a health and safety precaution the car park will no longer be available for use during the day, Monday to Friday, please do not try to park in the car park.

**Please note that the builders require access on and off site throughout the day and people should not block the cobbled street that leads to the car park by parking outside the car park gate posts.**

We understand that this will be inconvenient for hall users but there is no alternative.

It is likely that these restrictions will remain in place until the buildings works in both the church and hall are complete.
